

Friends of Wynyard Primary School

Calling all interested parents, grandparents, friends and neighbours!

Wynyard Primary would like to establish a 'Friends of Wynyard Primary School' and the aim is to make our school as great as it can be by generating funds to provide even more facilities and equipment for the school.

With more money we can help your child have an even better school experience and enrich their education too.

However, it is about much more than just fundraising. The 'Friends' will exist to provide closer links between home and school, and, it is also an excellent way to bring together staff, parents, friends and neighbours in support of the school.

To get 'Friends of Wynyard' up and running we do need to formally establish a committee. Ideally this would be 5/6 people who can commit a small amount of time to establishing events. The ideal scenario would be a parent/carer/grandparent from each class in order to encourage participation from every class in future events.

Posts available include Treasurer, Secretary and Vice Chair. A constitution setting out who we are and our aims will be established at the first AGM - date to be advised shortly.

Friends of Wynyard Primary is not limited to a committee. A committee serves to be a driver but everyone can and should be involved if they would like to. We understand time is precious so we have included a questionnaire in which you can indicate if you would be willing to be a helper or prefer just to be kept in the loop.

Helpers: People who would like to help in organising and running events. Help is not obligatory and is not required for every event. By joining the 'helpers' mailing list you will receive emails asking for help for various events.

In the loop: Can't help but still want to receive updates and come to events.

Please could you return your completed questionnaire to school office by Friday 23rd September 2016.

Thank you in advance!

Jessica Doyle
School Governor
