Monday 17th October 2016

Dear Parents

The 'Members' of Wynyard Church of England Primary School Academy Trust are looking to appoint a new governor/director to the board to join our existing governors in helping to shape the future of our school.

Members' appointments occur when the board require a specific skills set and do not involve any form of election.

This particular appointment is specifically for someone with finance or accountancy expertise who can join our 'Finance and General Purposes Committee' as well as the full governing body. The role is open to anyone who can match the required skills set and does not have to be a parent of a child in school.

The role of governor/director is a voluntary role and we appreciate that being able to commit the required time is not always easy - please be assured, the time commitment is overly demanding and there is no expectation on governors to attend every meeting.

If you are interested, or you know someone who may be, please contact Mr Ward on, or before, Friday 4th November. In the meantime, if you have any questions, please get in touch.

Yours sincerely

Ven. Stuart Bain

(Chair of Wynyard Church of England Primary School Academy Trust)
